BREAKFAST IN BIMINI

NEW NOVEL BY LOCAL AUTHOR SIERRA MICHAELS

Sierra will be selling and signing a limited amount of copies at the West Palm Beach Boat Show, June 24th-26th at the South Florida Fairgrounds. 9067 Southern Blvd. West Palm Beach.

About Breakfast in Bimini:

Raven and Lucas embark upon a personal cruise around the Bahamas for an adventure of a lifetime. Raven discovers a mysterious wooden idol on a secluded beach, just a couple of hours into their two-week journey. Her curiosity and archaeological scientific mind entices her to keep the artifact with the intention of researching its background and story. Where did this unique, seemingly non-Bahamian statue originate and how did it land in Bimini?

Things go terribly wrong after finding the artifact. In the process of denying its supernatural power and fixing all their misfortunes, the zealous explorers form stronger bonds with friends, strangers and ultimately each other. Is it all in Raven's overactive imagination, or does the idol truly have bad juju?

Breakfast in Bimini follows this couple's journey through paradise and beyond, perhaps even to another dimension.
